

6. b razred

Navodila za delo na daljavo od 20. 4. do 24. 4. 2020

Dragi učenci,

pred nami je zadnji teden preden pred prvomajskimi počitnicami. Se jih veselimo, kajne? Predem pa pospravimo šolske potrebščine za en teden, se naučimo še kaj novega.

V tem tednu začenjamo z novo enoto v kateri se bomo najprej spomnili **can** in **can't**, ki ju poznate že iz 5. razreda. Nato pa bomo spoznali še ogromno drugih zanimivih stvari.

Pa začnimo. Pripravljene imejte vaše zveste pomočnike: zvezek, delovni zvezek, učbenik in pisala.

1. šolska ura

V zvezek zapišite velik naslov **UNIT 4: DOING THINGS WITH FRIENDS**.

Sedaj pa malce smešna naloga. V učbeniku na str. 110 rešite vajo 1 pod naslovom **SKILLS**. Predstavljajte si, da imate intervju s samim seboj in se sprašujete kaj od prikazanih aktivnosti znate. Pogovor zapišite v zvezek.

Primer:

Me: Can you climb a rope?
Me: No, I can't.

Me: Can you play the guitar?
Me: Yes, I can. But I'm a bit rusty.

In tako naprej, dokler se ne vprašate po prav vseh dejavnostih. Zabavno, kajne?

V delovnem zvezku rešite vaje na str. 103, 104 in 105 od 1 do 5. Rešitve preverite na spletni strani. [Rešitve delovnega zvezka](#).

2. šolska ura

Kako dobro poznate žirafe? Bi znali na vprašanja v učbeniku na str. 110 odgovoriti brez pomoči? Najprej poskusite ustno. Sedaj pa si oglejte še kratek film o žirafah. [PLAY](#).

V zvezek napišite naslov **Giraffes** in zapišite vprašanja in odgovore. V filmu ne boste dobili vseh odgovorov, lahko pa ugibate.

Še nekaj dodatnih vprašanj, ki jih tudi prepisete **v zvezek** in nanje odgovorite.

- What's 17 feet (*čevelj – dolžinska mera*) in centimetres? –
- What's a mammal (*sesalec*)? –
- What is another word for herbivore (*rastlinojedec*)? –
- Can a lion kill a giraffe? –
- Why do they travel in herds (*čreda*)? –
- How do they have their babies? –
- How many bones (*kosti*) do they have in their neck? –
- How do the mails (*samci*) fight? –

Rešitve preverite na koncu dokumenta.

3. šolska ura

Danes pa se spomnite letnih časov. **V zvezek** napišite naslov: **Seasons of the year** in prepisite ter dopolnite razpredelnico. V drugi stolpec zapišite kateri meseci spadajo pod omenjeni letni čas, v tretji kaj takrat lahko počneš in v četrtega česa takrat ne moreš početi.

SEASON	MONTHS	IN I CAN...	IN ... I CAN'T ...
WINTER 	_____ _____ _____ _____		
SPRING 	_____ _____ _____ _____		
SUMMER 	_____ _____ _____ _____		
AUTUMN 	_____ _____ _____ _____		

V učbeniku na str. 111 je pod sličicami letnih časov kar nekaj sličic z besedami. Izberete **10** sličic in v zvezek zapišete s katerim letnim časom jih povezuje in zakaj.

Primer:

I connect snow with winter. It often snows in winter.

POMEMBNO:

Do konca tedna mi v vednost pošljite fotografijo opravljenega dela v 3. šolski uri. Gradivo pošljite preko Lo.polisa, ki je namenjen samo vaši pošti. Če uporabniškega imena nimate, pa na moj elektronski naslov.

4. šolska ura

To šolsko uro bomo naredili vajo slušnega razumevanja  . Slišali boste posnetek z naslovom The Wow Festival.

Najprej si oglejte nalogo.

The Wow Festival

Poslušaj besedilo s plakata, ki te vabi na šolski festival in se odloči, ali so povedi pravilne (T) ali napačne (F).

- 1 The name of this year's festival is The Wow Family! T F
- 2 Children will only sing, dance or dance on their hands. T F
- 3 Some teachers want to show their talents on stage. T F
- 4 The Wonder Family is from Massachusetts. T F
- 5 There are 8 people in the Wonder family. T F
- 6 Mum and dad can't do somersaults. T F
- 7 There are 4 people in the organizing team for the show. T F

Sedaj poslušajte posnetek dvakrat in nato rešite zgornjo nalogo. **PLAY.**

Če vam je besedilo pretežko, imejte pred sabo zapis zvočnega posnetka. Najdete ga na zadnji strani navodil za delo.

Želim vam dober počitek od učbenikov in zvezkov.

REŠITVE:

- Naloga **Giraffes** na str. 110:

1. *Yes, they are.*
2. *(They are so tall) so that they can reach the sweet, new leaves of the trees.*
3. *(They live) in Africa.*
4. *(They can live) to about 25 years.*
5. *More than seventeen feet.*
6. *(It) usually weighs about 1500 kilograms.*
7. *They eat foods that are tall, usually leaves of bushes and trees.*
8. *Yes, they can.*
9. *No, they can't (but they can float in water).*

Dodatna vprašanja:

- *What's 17 feet in centimetres? – About 518 cm.*
- *What's a mammal? – A warm blooded animal, it has fur and it feeds the babies milk.*
- *What is another word for herbivore? – Plant eaters.*
- *Can a lion kill a giraffe? – Yes.*
- *Why do they travel in herds? – Someone is always watching for trouble.*
- *How do they have their babies? – While they're standing up.*
- *How many bones do they have in their neck? – Seven.*
- *How do the giraffes fight? – By swinging their necks at each other.*

- Predlogi rešitev **razpredelnice:**

SEASON	MONTHS	IN ... I CAN...	IN ... I CAN'T ...
WINTER 	December January February March	In winter I can ski.	In winter I can't swim.
SPRING 	March April May June	In spring I can pick snowdrops.	In spring I can't build a snowman.
SUMMER	June July August	In summer I can play beach volley.	In summer I can't snowboard.

	September		
AUTUMN 	September October November December	In autumn I can pick chesnuts	In autumn I can't go camping.

The Wow Festival

Thursday, 29 July

SCHOOL FESTIVAL

Dear children!

Bring you parents, grandparents, aunties and uncles, brothers or sisters.

Bring your friends or neighbours.

Come to this year's school festival called

THE WOW FESTIVAL!

Many talented children from our school can do amazing things!

Come and see what they can do!

Some can sing and dance, the others can act.

Some can stand on their hands and some ... No, we don't want to tell you everything.

It's a surprise!

There are also some teachers who want to show their talents on the stage.

Who do you think can jump over a rope and who do you think can play the guitar well? And who can do card tricks? Is it Mr Waters? Is it Ms Shine? Come and find out!

Also, meet our guests - the Wonder family from Manchester. They are a family of eight, mum, dad and their 6 children, two boys and four girls. They are Mark (46), Sophia (42), Bob (19), Todd (18), Michelle (14), Cynthia (12) and Tricia and her twin sister Valerie, who are only 7. They can sing well and they can dance better than anybody. They can do circus tricks and unbelievable magic tricks. All of them, their mum and dad too, can turn somersault and they are preparing an interesting show for us! They can act and whistle and imitate famous singers.

Don't miss this show!

Come and enjoy a 2-hour show that will make you laugh!

The organizing team:

Ms Carters, Ms Jennis, Ms Wolf and Mr McDonald

Rešitve slušnega razumevanja: 1. F, 2. F, 3. T, 4. F, 5. T, 6. F, 7. T
